

Change Your Clock Change Your Battery

Each day, an average of nearly three children die in home fires - 80 percent of fire deaths involving children occur in homes without working smoke alarms.

By providing an early warning and critical extra seconds to escape, smoke alarms double a family's chance of getting out of a home fire alive – but only if they work. That's why the Tyger River Fire Department is joining Energizer and the International Association of Fire Chiefs to

If you need assistance with obtaining a battery or in need of a smoke alarm, please contact us at one of the following numbers:
